3. Nuovo design della pagina web con visualizzazione modulare della funzioni.

The screenshot shows the Hikvision web interface with a sidebar menu and a main content area. The sidebar includes options like Overview, Person Management, Event Search, Device Management, Configuration, Maintenance and Security, and a user profile dropdown for 'admin'. The main content area is divided into several modules:

- Door Status:** Shows a video feed of a door and a 'Controlled' status.
- Real-Time Event:** A table listing events with columns for Employee ID, Name, Card No., Event Types, Time, and Operation.
- Link Device:** Displays status for Door Station and Indoor Station, each with Online/Offline counts and a 'Link Device' button.
- Person Information:** Displays status for Person, with Added/Not Added counts and a 'Person Information' button.

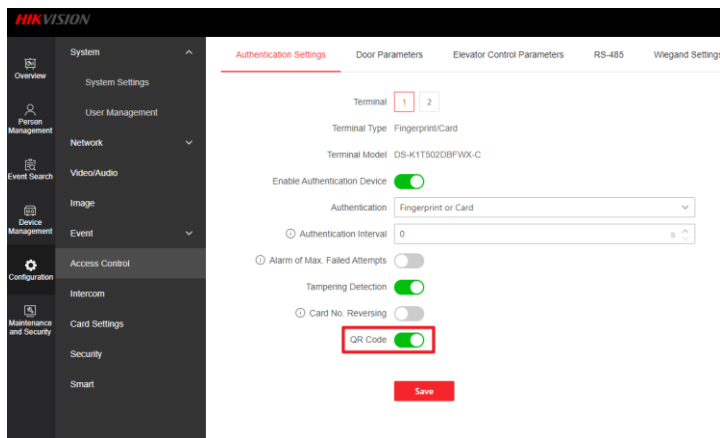

| Employee ID | Name | Card No. | Event Types                       | Time                | Operation |
|-------------|------|----------|-----------------------------------|---------------------|-----------|
| --          | --   | --       | Remote Login                      | 2022-12-26 14:59:55 | --        |
| --          | --   | --       | Remote Login Locked               | 2022-12-26 14:54:16 | --        |
| --          | --   | --       | IP Address Conflicted             | 2022-12-26 14:52:40 | --        |
| --          | --   | --       | IP Address Conflicted             | 2022-12-26 14:51:40 | --        |
| --          | --   | --       | IP Address Conflicted             | 2022-12-26 14:50:40 | --        |
| --          | --   | --       | Remote Operation: Activate Device | 2022-12-26 14:50:30 | --        |
| --          | --   | --       | Remote Login                      | 2022-12-26 14:50:30 | --        |

- Supporta 12 nuove lingue: Tedesco, Polacco, Ungherese, Ceco, Rumeno, Bulgaro, Croato, Serbo, Greco, Slovacco, Portoghese (standard), Olandese.
